dds 11 for next gen and an entirely new iteration of the series... there is one thing that will play a big role in next gen multiplayer... the two player experience. it may not be an every feature or game setting, but it will certainly be something that will be designed in-game. i think it will be massive. with two player screens as well as the end of the ultimate hunter we already have playing on this tech, they will be bringing to next gen as well. Trends in acute myocardial infarction care: the results of the Swedish Coronary Angiography and Angioplasty Registry (SCAAR). The aim of this study was to analyse the contemporary trends in care for patients with acute myocardial infarction (AMI) in Sweden. In the period of 2002 to 2005, the Swedish Coronary Angiography and Angioplasty Registry (SCAAR) included all patients undergoing coronary angiography and percutaneous coronary interventions (PCI) within 10 days of onset of AMI. We analysed trends in pre-hospital and hospital care between 2002 and 2005, focusing on four domains: (1) patient characteristics and clinical history; (2) pharmacological treatment; (3) use of coronary intervention; and (4) quality of care. Between 2002 and 2005, the incidence of AMI in Sweden increased from 30.9 to 32.6 per 100,000 (p=0.03) and the age-adjusted incidence in men and women increased by 1.2% and 1.0%, respectively. Compared with 2002, in 2005 there was an increase in the incidence of AMI in men of 3.7% and a slight decrease of 0.8% in women. In 2005, pre-hospital care was initiated in 95.8% of patients with AMI, as compared to 90.4% in 2002. In-hospital care was started in 89.4% of patients in 2005, as compared to 84.2% in 2002. Between 2002 and 2005 there was a 2.4% increase in thrombolysis and a 20.6% increase in primary PCI. The number of hospitals performing PCI increased by 14.5%, from 54 in 2002 to 59 in 2005. The use of reperfusion therapy and of an antithrombotic agent increased by 2.5% and 2.0%, respectively, during the same period. There has been a parallel increase in the 82157476af
